|----------------------|-------------------------------|
| <b>Symbol:</b>       | FLRYW-A0.75-BK                |
| <b>Productgroep:</b> | Kabels voor auto-installaties |

## Productparameters:

|                                          |                       |
|------------------------------------------|-----------------------|
| <b>Type leiding:</b>                     | montage               |
| <b>Soort kabel:</b>                      | FLRYW-A               |
| <b>Opbouw kabel:</b>                     | 1x0,75mm <sup>2</sup> |
| <b>Constructie ader:</b>                 | koord                 |
| <b>Soort ader:</b>                       | Cu                    |
| <b>Aantal aders:</b>                     | 1                     |
| <b>Aderdoorsnede:</b>                    | 0,75mm <sup>2</sup>   |
| <b>Materiaal van geleidingsisolatie:</b> | PVC                   |
| <b>Kleur isolatie:</b>                   | zwart                 |
| <b>Nominale spanning:</b>                | 60V                   |

|                         |             |
|-------------------------|-------------|
| <b>Werktemperatuur:</b> | -40...125°C |
|-------------------------|-------------|

|                           |      |
|---------------------------|------|
| <b>Inhoud verpakking:</b> | 100m |
|---------------------------|------|

|                             |   |
|-----------------------------|---|
| <b>Buigzaamheidsklasse:</b> | 5 |
|-----------------------------|---|

|                                  |           |
|----------------------------------|-----------|
| <b>Conformiteit met de norm:</b> | ECE R-118 |
|----------------------------------|-----------|

|                                    |             |
|------------------------------------|-------------|
| <b>Uitwendige leidingdiameter:</b> | 1,7...1,9mm |
|------------------------------------|-------------|

## Extra informatie

|                       |         |
|-----------------------|---------|
| <b>Bruto gewicht:</b> | 0,01 kg |
|-----------------------|---------|
