## Product specifications

|                                  |                       |
|----------------------------------|-----------------------|
| <b>Type of wire:</b>             | assembly              |
| <b>Kind of cable:</b>            | FLY                   |
| <b>Cable structure:</b>          | 1x0.75mm <sup>2</sup> |
| <b>Core structure:</b>           | stranded              |
| <b>Kind of core:</b>             | Cu                    |
| <b>Number of cores:</b>          | 1                     |
| <b>Core section:</b>             | 0.75mm <sup>2</sup>   |
| <b>Wire insulation material:</b> | PVC                   |
| <b>Insulation colour:</b>        | red                   |
| <b>Rated voltage:</b>            | 60V                   |

|                                 |                                                                                            |
|---------------------------------|--------------------------------------------------------------------------------------------|
| <b>Operating temperature:</b>   | -40...105°C                                                                                |
| <b>Conform to the norm:</b>     | ECE R-118                                                                                  |
| <b>Cable external diameter:</b> | 2.2...2.5mm                                                                                |
| <b>Information:</b>             | The cables can be delivered in several sections. Minimum section length and multiple of 1m |
